President's Letter

On April 15 we will commemorate Yom Hashoah Day (Holocaust Memorial Day) at our meeting. We also celebrate the month of Nissan (March 20-April 18), as Jewish Genealogy Month. JGSCV is tying both occasions together by encouraging all members and interested parties to complete Pages of Testimony (POT) to honor the memory of those who perished in the Holocaust. To complete a form go to: http://www.yadvashem.org/lwp/workplace/lut/p/cmd/es-ce/7.0-A/s/7.0_2C0/s.7.0-A/7.0_2C0.

JGSCV will also have these forms available at our next meeting.

March was Women's History Month. It is usually more challenging to research our female ancestry roots due to women changing their name as a result of marriage. Also, historical records usually favor the identification of the male family line over the females. In the past many of our female ancestors were often "hidden behind the scenes." What better way to honor our female ancestors than to research their lines, including writing their story and incorporating it in your genealogy and memorializing those who perished in the Shoah with a POT. This will provide future family members something to remember, passed down and shared again and again. For example, a recipe passed down from one generation to another, a story of cooking or baking with mother, grandmother or aunt, or a story remembering how they cared for you when you were ill with the flu or measles — all goes to recalling and honoring them.

I am looking forward to seeing you at our next meeting.

Jan Meisels Allen

DR. JOEL WEINTRAUB

SPEAKER AT MARCH 18 MEETING OF JGSCV

"Navigating the New York and Federal Censuses with Fewer Tears...and More", was engaging, entertaining and educational! Dr. Weintraub is Professor Emeritus, Cal State University Fullerton, and is also known as "Generic Dr. Morse," due to his collaboration with Steve Morse of One-Step fame.

In his presentation, Joel provided a quick review of the One-Step process and how it helps with Ellis Island immigration records and census research — both Federal and New York State. In 1905, one out of 20 U.S. residents, and an estimated half of the U.S. Jewish population, lived in New York City — making these early 20th century censuses of vital interest to Jewish genealogists.

Joel also gave us a preview of what to expect with the 1940 US census, which will be released April 1, 2012. Since the U.S. was in war-time, some familiar questions from previous censuses were replaced by more specific issues addressing immigration. The 1940 census was the first US census that used sampling of a percentage of the population for supplemental questions. Attendees were also advised about the likely questions that will be posed for the upcoming 2010 census.

Don't forget to make your plans to attend the 27th IAJGS International Conference on Jewish Genealogy July 15-20, 2007 in Salt Lake City. It will be a genealogical trip of a lifetime! Go to www.slc2007.org for more information. Conference attendees are invited to volunteer to serve at the registration desk and other areas. If interested, contact Jan Meisels Allen at jan@jgscv.org

Western States Jewish History Journal Announces New Website

Anyone with interest in the history of Jewish settlement and life in the West of the United States should become familiar with the Western States Jewish History Journal. This magazine is published quarterly and subscription information is available at its website: www.wsjhistory.com.

The Journal has just announced the availability of two online indexes to the 31 year volumes that have been published, one index by individual person’s name and the second by location. Archival links are yet to be activated to five related libraries that hold the Journal’s rich collection of books and documents reflecting on the history of Western States Jewry.

LAC Announces Completion of Database

The Library and Archives Canada (LAC) announces the completion of the database regarding the Likacheff-Ragosine-Mathers collection (LI-RA-MA). This database contains documents created between 1898 and 1922 by the consular offices of the Tsarist Russian Empire in Canada. The series on passports and identity papers is comprised of about 11,400 files on Jewish, Ukrainian and Finnish immigrants who came to Canada from the Russian Empire. The series includes passport applications and questionnaires containing general information. First released at the end of October 2006, the remaining 35,000 digitized images were recently added, bringing the total to 55,000.

JGSCV Outreach to Community

Two outreach programs were offered by JGSCV. On January 29/30, 2007, President Jan Meisels Allen presented several sessions on Jewish genealogy to students of Temple Adat Elohim. A letter of appreciation for Jan’s efforts indicated that the idea of examining one’s family history hit an accord with the classes.

On January 30, Newsletter editor Werner Frank made two presentations at Oaks Christian School of Thousand Oaks in connection with their Symposium 2007, an all day celebration of multi-cultures. His theme was focused on “What is Your Story,” showing how the students can trace their own roots. This event and our participation received generous coverage by the Ventura County Star in its publication of February 8, 2007.

"There Once Was A Town"
Award-winning PBS Documentary on a visit to an ancestral shtetl
commemorating Yom Hashoah Day (Holocaust Memorial Day)

In 1941, Nazis invaded the small town of Eishyshok, Poland (now Lithuania), and brutally murdered nearly all 3,500 Jewish residents. Fifty-six years after the massacre, four survivors and their families return to their childhood home. This remarkable 90-minute documentary is narrated by Actor Ed Asner, a descendant of an Eishyshok family.

Professor and author Yaffa Eliach leads the group in its search for remnants of Jewish life that flourished before the war. The documentary is based in part on Professor Eliach's critically acclaimed book, "There Once Was a World: A Nine Hundred Year Chronicle of the Shtetl of Eishyshok."
